"As we live in Oklahoma City, Pam had to get all the estimates for repairs and see that the work was completed which was a job in itself. We were very happy with Pam Blair."

Clyde and Ramona

"My wife and I have had a wonderful experience working with Pam. In our past dealings with realtors, we felt frustrated at times with the process of buying and selling our homes. Having Pam represent us was a night and day difference. She took care of everything from the smallest detail to the most important negotiation points with a positive attitude that left us worry free. She did comprehensive research and used her network of professional resources to ensure we were confident in our decisions. We always felt she was a strong advocate who had our best possible interests at heart. We truly feel she has become our friend, and we will always work with her in the future."
